INTERNATIONAL
YEAR OF
RANGELANDS AND
PASTORALISTS

August 16, 2023

IYRP SUMMER SCHOOL INITIATIVE BY COMMITTEE ON FORESTRY WORKING GROUP ON DRYLAND FORESTS AND AGROSYLVOPASTORAL SYSTEMS

What is the

doing?

HIGHLIGHTING THE VALUE OF HEALTHY RANGELANDS AND SUSTAINABLE PASTORALISM, AND ADVOCATE FOR INCREASED INVESTMENT IN THE PASTORAL LIVESTOCK SECTOR, THE SCALING-UP OF SUSTAINABLE LAND MANAGEMENT PRACTICES, ECOSYSTEM RESTORATION, AND EQUITABLE ACCESS TO MARKETS.

How can the

Support it?

FACILITATING CROSS-REGIONAL EXPERTISE EXCHANGE ON INNOVATIVE, SUSTAINABLE AGROSYLVOPASTORAL SYSTEMS.

Through the

**IYRP Summer
School
Initiative**

IYRP SUMMER SCHOOL INITIATIVE BY COMMITTEE ON FORESTRY WORKING GROUP ON DRYLAND FORESTS AND AGROSYLVOPASTORAL SYSTEMS

Objective

TO TACKLE THE GAPS ON
SUSTAINABLE MANAGEMENT
EXPERTISE BETWEEN DRYLAND
AREAS.

The Summer School will

RUN AN ANNUAL COURSE THAT WILL BRING TOGETHER
20–25 PLANNERS AND PRACTITIONERS TO ASSESS
THEIR CURRENT AND PLANNED ACTIONS IN DRYLANDS
AND RANGELANDS AND STEER THEM TOWARDS LONG-
TERM SUSTAINABILITY.

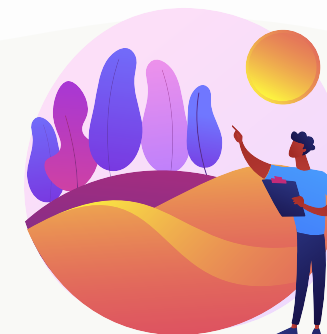

BUILD A CADRE OF CHAMPIONS WHO ARE ABLE TO
DESIGN AND IMPLEMENT SUSTAINABLE DRYLAND
MANAGEMENT PROGRAMMES AND
AGROSILVOPASTORAL SYSTEMS AND DEFINE CROSS-
CUTTING INDICATORS OF THEIR PROGRESS.

Program Structure

THE SUMMER SCHOOL WILL
COMBINE THEORETICAL
CONCEPTS WITH PRACTICAL
INSIGHT FROM CASE STUDIES
ALONGSIDE ONE DAY OF
FIELDWORK. THE SUMMER
SCHOOL WILL LAST THREE TO
FIVE DAYS AND WILL BE
DELIVERED IN ENGLISH,
CONDUCTED AS BACK-TO-BACK
LESSONS.

Target participants

DRYLAND FORESTERS AND
AGROSYLVOPASTORAL PRACTITIONERS,
INCLUDING LOCAL PASTORALISTS AND
PLANNERS

CALL FOR APPLICATIONS

Launched March 29 2023, together with the

DRYLANDS SUMMER SCHOOL

September 12 – 15, 2023

Do you want to promote transformational approaches to dryland forest and agrosilvopastoral management?

Are you interested in learning and sharing experiences with fellow young professionals and international experts in the field?

Send us your application to join FAO's first dryland forests and agrosilvopastoral systems Summer School!

In partnership with the International Year of Rangelands and Pastoralists 2026, the FAO Committee on Forestry Working Group on Dryland Forests and Agrosilvopastoral Systems (COFO WG)'s first summer school session will explore transformative approaches to building climate resilient dryland systems. Participants will graduate the course as experts on integrating better socio-economic and sustainable practices in dryland management!

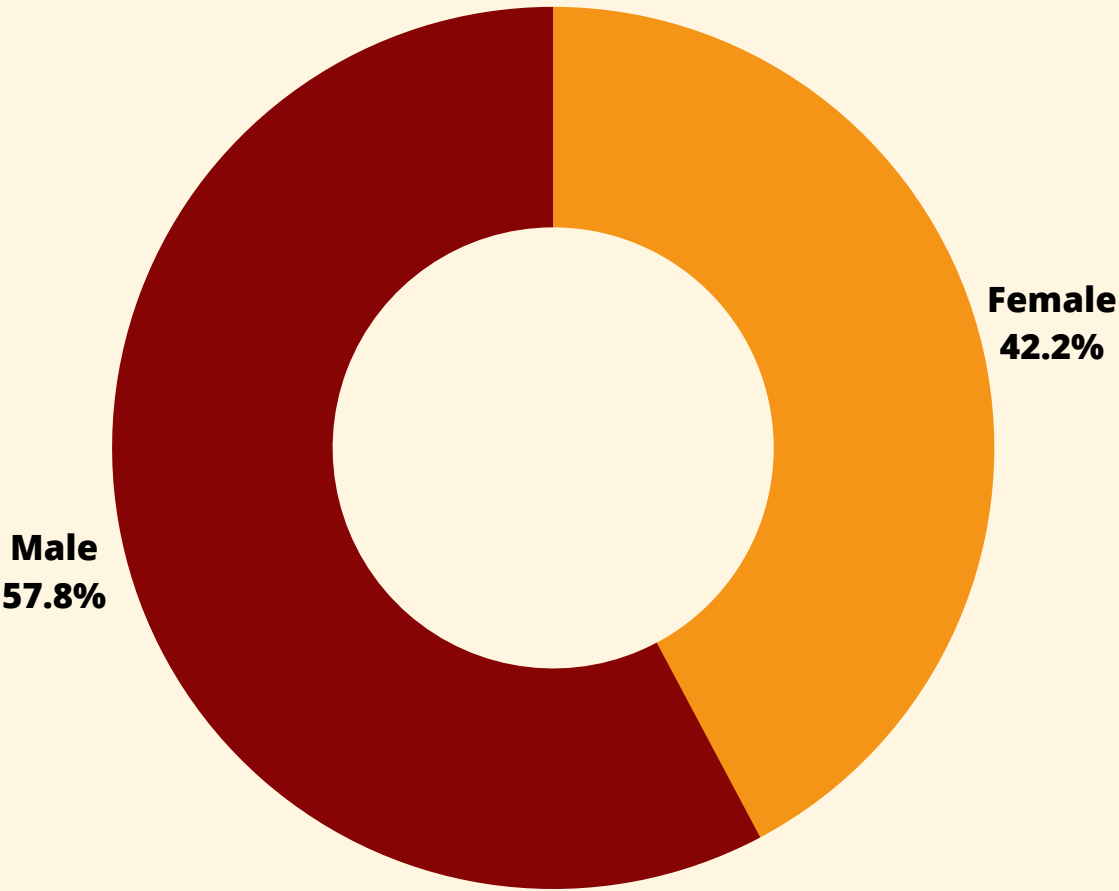

E-LEARNING COURSE: TRANSFORMING DRYLAND FORESTS AND AGROSILVOPASTORAL SYSTEMS

Developed by COFO WG and 15 partners, the course focuses on food production in changing drylands. Designed for managers, practitioners, and policymakers, it's the FAO Learning Academy's first drylands course.

DRYLANDS SUMMER SCHOOL

Tentative agenda

First Summer School AGENDA

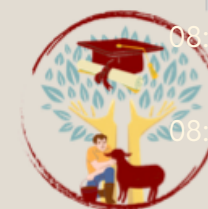

Day 1: Tuesday September 12

08:00-08:30	Registration & coffee
08:30-09:00	Introduction session
09:00-09:30	Business as usual is no longer an option: An overview on dryland forests and Agrosilviopastoral challenges and opportunities. Lecturer • Dr. Anders Malmer , Swedish University of Agricultural Science (SLU) & the Swedish Forest Agency.
09:30-10:00	Stakeholder inclusive analysis is key for transformational change Lecturer • Fidaa Haddad , FAO.
10:00-11:00	Leaving by bus to the field site
11:00-13:00	Field Tour - Royal Botanical Garden
13:00-14:00	Lunch break
14:00-16:00	Participants will be divided into 3 Groups
16:00-17:00	Reflection with Communities and Stakeholders
17:00-18:00	Travel Back to the Hotel

Tentative agenda

First Summer School AGENDA

Day 2: Wednesday September 13

08:30-09:45	Reflection Session: What we've learned from the field Lecturers • Dr. Maher Tadrous, Jordan University of Science and Technology. • Dr. Rima Mekdaschi Studer, Centre for Development and Environment, University of Bern. • Dr Mustafa Shdefat, Royal Botanic Garden.
09:45-10:15	Coffee break
10:15-12:15	Learning from You: South - South knowledge sharing technique Lecturers • Dr. Aida Bagues Tobella, Swedish Institute of Agricultural Sciences. • Dr. Igshaan Samuels, Agricultural Research Council in South Africa and the Co-Chair of International Year of Rangelands and Pastoralists. • Dr. Ezakiel Mwakalukwa, Sokoine University of Agriculture - Tanzania. • Dr. Rima Mekdaschi Studer, Centre for Development and Environment, University of Bern.
12:15-13:30	Lunch break

First Summer School AGENDA

Day 2: Wednesday September 13

13:30-14:15	Categorize the challenges to define the potential transformational pathways Lecturer • Dr. Igshaan Samuels, Agricultural Research Council in South Africa and the Co-Chair of International Year of Rangelands and Pastoralists.
14:15- 15:00	Biodiversity conservation in dry lands "a case from Raspecial emphasis on Jordan rangelands." Lecturer • Prof. Hani Saoub, Prof. Agronomist- University of Jordan.
15:00-15:30	Coffee break
15:30-17:30	Understanding the social- ecological system and their interlinkages for better transformational pathways Lecturer • Dr. Aida Bagues Tobella, Swedish Institute of Agricultural Sciences.
17:30-18:00	Outlook to day 3 and reflections of day 2

Tentative agenda

First Summer School AGENDA

Day 3: Thursday September 14

08:30-09:00	Coffee
09:00-10:30	Understanding the social-ecological system and their interlinkages for better transformational pathways Lecturer • Dr. Aida Barges Tobella, Swedish Institute of Agricultural Sciences.
10:30-11:00	Gender Responsive approach for transforming the dryland production systems Lecturer • Fidaa Haddad, FAO.
11:00-11:30	Coffee break
11:30-13:00	Trees and water friends or foes in drylands Lecturers • Dr. Aida Barges Tobella, Swedish Institute of Agricultural Sciences. • Dr. Anders Malmer, Swedish University of Agricultural Science (SLU) & the Swedish Forest Agency.
13:00-14:00	Lunch break

First Summer School AGENDA

Day 3: Thursday September 14

14:00-15:00	Are trees in drylands beneficial for bio-physical aspects of Forest and Landscape Restoration? Lecturer • Dr. Ezakiel Mwakalukwa, Sokoine University of Agriculture - Tanzania.
15:00-15:30	Coffee break
15:30-17:30	Economic valuation and financial viability are crucial to understand the trade off and synergies of different transformational interventions Lecturer • Dr. Maher Tadrous, Jordan University of Science and Technology.
17:30-18:00	Outlook to day 4 and reflections of day 3

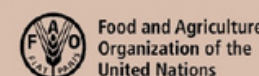

Tentative agenda

First Summer School AGENDA

Day 4: Friday September 15

08:30-09:30	Forest health and agroforestry in drylands Lecturer • Dr. Yahia Othman , University of Jordan.
09:30-11:00	Rangeland restoration and afforestation for sustainable transformation in dryland ecosystem Lecturer • Dr. Igshaan Samuels , Agricultural Research Council in South Africa and the Co-Chair of International Year of Rangelands and Pastoralists.
11:00-11:30	Coffee break
11:30-12:30	State of the art: for practices, solutions and concept in current transformations Lecturer • Dr. Ezakiel Mwakalukwa , United Nations International Year of Rangelands and Pastoralists.
12:30-13:30	Lunch break
13:30-15:00	Indicators of change need data and practical monitoring tools Lecturers • Dr. Aida Bagues Tobella , Swedish Institute of Agricultural Sciences. • Fidaa Haddad , FAO.
15:00-16:00	Good Governance is the key to promote the transformation Lecturer • Fidaa Haddad , FAO.
16:00-16:30	You are the Champion: International Years of Rangeland and pastoralists Lecturer • Dr. Igshaan Samuels , Agricultural Research Council in South Africa and the Co-Chair of International Year of Rangelands and Pastoralists.

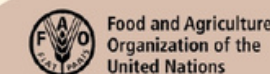

First Summer School AGENDA

Day 4: Friday September 15

16:30-17:30	Promote your transformational actions: Communications tips you should consider Lecturer • Miranda Wadham Smith , FAO.
17:30-18:00	You are the Champion: write your commitment and join the champions network Lecturers • Dr. Anders Malmer , Swedish University of Agricultural Science (SLU) & the Swedish Forest Agency. • Miranda Wadham Smith , FAO.
18:00-19:00	Closing Ceremony: Certificates distribution & refreshments

DRYLANDS SUMMER SCHOOL

Second Session in 2024

**The next Summer School will be held
in 2024**
